EXPLORE  
ENGAGE  
EXPERIENCE

# EDUCATION ABROAD

# MAKE THE WORLD YOUR CAMPUS

The University of Tennessee offers students a variety of international academic experiences through the Programs Abroad Office. These experiences will not only be the highlight of your time on Rocky Top, but they will also help you grow academically, professionally, and personally.

United Kingdom

Valparaiso, Chile

Hong Kong

# STUDY ABROAD

## Paint the world orange.

Choose from a variety of programs in more than 50 countries on 6 continents around the world. Options are available for any major or area of interest in different languages, including English.

You always hear how studying abroad changes lives and is the experience of a lifetime, but you never truly understand until you experience it yourself. Taking the leap of faith to study abroad has been the best and most unforgettable leap of my life, and I will never regret it."

—Gabriella Parker,  
Political Science major

# INTERN ABROAD

## Move up in the world.

Gain professional experience and enhance your resume. English speaking placements are available in a variety of professional fields.

Doing an internship in Barcelona has been one of the best decisions I have made in my college career! I have learned what it means to be challenged, and be able to step outside the door, and explore a new part of Barcelona. This experience has allowed me to learn the ins and outs of the world and to build long-lasting relationships with other students and foreign professionals.

- Hanna Akpan, Supply Chain Management major

# SERVICE-LEARNING ABROAD

## We're Volunteers; it's what we do.

Earn academic credit for participating in international service-learning projects.

# RESEARCH ABROAD

## Pursue your passion.

Big data and business analytics? Electrical energy systems? Peace and conflict studies? Choose from a wide variety of research projects like these at some of the world's leading institutions.

Jake Hinson, in New Zealand, where he worked on a project to help develop the largest 3-D printer in the South Pacific.
