

Major Guide: Supply Chain Management

Guidelines

Major Coursework

As a Supply Chain Management major, students should adhere to the following criteria in major course selection for study abroad:

- 3 out of 9 credit hours of Supply Chain Management elective coursework can be taken abroad
 - Supply Chain Management elective coursework must reflect the focus of the major
- Direct equivalents for up to 2 Supply Chain Management major courses (SCM 413, 414, 421) may be considered. Be sure to discuss this with your IPSA advisor.
- Coursework must be upper division (300 - 400 level equivalent)

*Students should meet with an IPSA advisor to receive final approval for Supply Chain Management coursework.

Non-major Coursework

Other types of courses available for study abroad include:

- General education (ethics, arts & humanities, non-business electives)
- Pre-business core (MGT 202, ECON 211 & 213, STAT 201 equivalents)
- Business core (BULW 301, FINC 301, BUAD 332 equivalents)
- Foreign language (HCB requires completion through intermediate level)
- Collateral / concentration

Course Options

The following are examples of possible major elective courses available. This is not intended to be an exhaustive list.

- Global Supply Chain Management

Timing

Students interested in pursuing Supply Chain Management elective coursework while abroad should consider:

- Students are only able to take Supply Chain Management elective coursework after completion of their tracking courses, which is typically after Sophomore year.
- Supply Chain Management majors with a collateral are required to complete a major course progression during their last 4 terms. In this case, students studying abroad for a semester will likely need to complete summer courses at UT to remain on track for graduation.
- Supply Chain Management majors with a concentration are required to complete a major course progression over 3 terms. In this case, students studying abroad for a semester with this option typically do not need to complete summer courses at UT.
- Supply Chain Management majors are able to go abroad after their first semester of Freshman year if they are only taking general elective courses or Pre-Business core courses.
- Students should not study abroad their final semester at UTK if they plan to graduate in May due to the delay in transcript processing.
- At least 75% of major coursework must be taken at UT.

Selecting Your Collateral / Concentration

Another option of courses to take abroad are through your collateral/concentration. Please refer to your Haslam Student Handbook for all possible combinations. The International Business (IB) concentration offers the most flexibility in course availability. Please note:

- All 12 credit hours of IB elective coursework can be taken abroad.
- Business coursework that is international in scope and upper division (300-400 level) can be counted as an IB elective.
- IB courses give students the opportunity to pursue country or region-specific coursework that offers unique insight into international business practices.

Next Steps

To learn more, schedule an advising appointment with an HCB International Programs and Study Abroad advisor through Grades First, or email haslamabroad@utk.edu to start a conversation!
